

OM Publications: Mark Wilsnack

Wilsnack, M. M. and K. D. Konyha. 2003. An Evaluation of a Proposed Change in Operational Protocol for Structure S-25B to Enhance Flood Management in the C-4 Basin. Hydrologic Systems Modeling Division, South Florida Water Management District, West Palm Beach, Florida, 104 pp.

Nair, S. K., A. M. Montoya, D. E. Welter, **M. M. Wilsnack**, M. P Switanek, J. Herr, D. M. Adam, L. M. Zamorano, J. I. Restrepo and J. Obeysekera. 2000. In Press. South Palm Beach County Ground Water Flow Model. Hydrologic Systems Modeling Department, South Florida Water Management District, West Palm Beach, Florida.

Nair, S. K. and **M. M. Wilsnack**. 1998. A Comparison of Two Approaches to Simulating Lake-Ground Water Interactions with MODFLOW. Proceedings of MODFLOW '98, Golden, Colorado, pp. 871 - 878.

Wilsnack, M.M. 1987. Some Comparisons of Hydraulic Properties of Arch-Shaped and Conventional Round Drainage Pipes: North Carolina State University, Department of Agricultural Engineering, M.S. Thesis, 261 pp.

Wilsnack, M. M. 1992. Groundwater Management in Southern Florida. Proceedings of the Irrigation and Drainage Sessions at Water Forum '92, August 2-6, 1992, Baltimore, Maryland, pp. 104-109.

Wilsnack, M. M. 1995. The Use of ARC/INFO and MODFLOW to Evaluate the Feasibility of Using Limestone Mining Quarries in Southern Florida as Ground Water Recharge Basins. Proceedings of the Seventh Biennial Symposium on the Artificial Recharge of Ground Water: the Role of Recharge in Integrated Water Management, Tempe, Arizona, pp.199-213.

Wilsnack, M. M. 1998. GIS Techniques for Incorporating Surface Water Features into MODFLOW Models. Hydrologic Systems Modeling Division, South Florida Water Management District, West Palm Beach, Florida, 20 pp.

Wilsnack, M. M., E. E. Hopkins and A. J. Krupa 1995. A Water Supply Plan for Ground Water Management in Hendry County, Florida. ASCE Report on Ground Water Protection Alternatives and Strategies in the USA.

Wilsnack, M. M. and S. K. Nair. 1998. Designing an ARC/INFOTM Database for a MODFLOW Model: A Case Study in the Limestone Mining Belt of Southern Florida. Proceedings of MODFLOW '98, Golden, Colorado, pp. 649 - 656.

Wilsnack, M. M., S. K. Nair and J. Obeysekera. 1997. Hydrologic Modeling of Initial Lake Belt Alternative Configurations: Ground Water Modeling. Hydrologic Systems Modeling Division, South Florida Water Management District, West Palm Beach, Florida, 66 pp.

Wilsnack, M. M., S. K. Nair and J. Obeysekera. 1998. An Analysis of the Impacts of Limestone Mining on Reservoir Seepage Using ARC/INFOTM and MODFLOW. Proceedings of MODFLOW '98, Golden, Colorado, pp. 851-858.

Wilsnack, M. M. and Skaggs, R. W. 1988. Drainage to Arch Shaped Drain Tubes: Theory. Transactions of the ASAE 30(6): 1696-1702.

Wilsnack, M. M. and Skaggs, R. W. 1987. Drainage to Arch Shaped Drain Tubes: Theory. ASAE Meeting, Baltimore, Paper 87-2053: 24 pp.

Wilsnack, M. M. and D. E. Welter. 1998. A HEC-DSS Based Observation Well Package for MODFLOW96. Proceedings of MODFLOW '98, Golden, Colorado, pp.917-924.

Wilsnack, M. M., D. E. Welter, A. M. Montoya and J. Obeysekera. 2000. Surface Water - Ground Water Modeling Using Enhanced MODFLOW Models in South Florida. Proceedings of the AWRA Annual Water Resources Conference, Miami, Florida.

Wilsnack, M. M., D. E. Welter, S. K. Nair, A. M. Montoya, J. Obeysekera and L. M. Zamorano. 1998. Hydrologic Impacts of a Proposed Mining Plan With Structural Improvements in the Northwest Dade County Freshwater Lake Belt. Hydrologic Systems Modeling Division, South Florida Water Management District, West

Palm Beach, Florida, 26 pp.

Wilsnack, M. M., D. E. Welter, S. K. Nair, A. M. Montoya, L. M. Zamorano, J. I. Restrepo and J. Obeysekera. 2000. North Miami-Dade County Ground Water Flow Model. Hydrologic Systems Modeling Department, South Florida Water Management District, West Palm Beach, Florida, 40 pp.

Wilsnack, M.M., D.E. Welter, C. L. McMunigal, A.M. Montoya and J. Obeysekera. In Press. The Use of MODFLOW with New Surface Water Modules for Evaluating Proposed Water Management System Improvements in North Miami-Dade County, Florida. Proceedings of the ASCE Specialty Symposium on Integrated Surface and Ground Water Management, Orlando, Florida.

Wilsnack, M. M., D. E. Welter, A. M. Montoya, J. I. Restrepo and J. Obeysekera. 2001. Simulating Flow in Regional Wetlands with the MODFLOW Wetlands Package. Journal of the American Water Resources Association 37(3): 655 - 674.

Wilsnack, M. M. 2001. An Application of MODNET to a Water Supply Canal in Hydraulic Contact with the Surficial Aquifer System in Southeastern Florida. Proceedings of MODFLOW 2001, Golden, Colorado, pp. 66-72.

Wilsnack, M. M. and A. M. Wasantha Lal. 2001. A Hypothetical Problem Used to Verify the Coupling of MODFLOW with an Open-Channel Flow Model. Proceedings of MODFLOW 2001, Golden, Colorado, pp. 73-79.
